

Executive Director Report – February 2018

Good Day,

98%. That is the percent of attendees of the 2017 Central Counties Tourism Symposiums that said the events were good, very good or excellent. If you haven't been, you need to come. If you were one of the 98% who find value in the symposiums, don't forget to register. The 2018 Symposiums are shaping up to be the best ones yet. Every year we are actively working with more tourism businesses who help us drive the content of the symposiums by letting us know what they need to be more successful.

Mark your calendars and register to attend!

Our symposiums are one of my favourite events of the year. I love getting to see all of our incredible tourism businesses and supporters under one roof with the common goal of increasing their success. This year we have once again put together a robust agenda chalk-full of exciting keynote speakers and useful, useable information that will get your creative juices flowing. And there is always time to make new connections over coffee and refreshments.

I look forward to seeing you next month!

Have a great day!
